

## SANTA CLAUS' PARTY

Come on everybody to Santa Claus' party  
You may be sure both rich and poor  
Are welcome at Santa's door  
You don't need a ticket to Santa Claus' party  
A lot of toys for girls and boys  
And plenty of fun in store

A Christmas tree so high  
It pokes right through the sky  
And Santa will be there to call  
"Merry Christmas to you all"

Come on everybody to Santa Claus' party  
A cheery grin will get you in  
So what are you waiting for  
There's a baseball bat for Johnny, a talking doll for Jill  
And a mountain high of ice cream pie  
Where ev'ryone eats his fill

There'll be rides on Santa's reindeer  
With the Christmastime patrol  
If you're good they'll stop at Santa's shop  
Way up at the old North Pole

Come on everybody to Santa Claus' party  
You may be sure both rich and poor  
Are welcome at Santa's door  
You don't need a ticket to Santa Claus' party  
A lot of toys for girls and boys  
And plenty of fun in store
